

"We are your local total communications provider"

About us

We have a huge install base, so no need to stop your trailer. We offer nationwide service and install. Below is some information about what services we offer.

Mobile & Portable Radios

We can supply you with the latest **Tait** and **Hytera** Radio equipment. We offer conventional, VHF, UHF, Trunking, Dual Band, Cross Band, DMR, Base Stations and repeaters. We can also customise a communications solution to fit your needs. Also you can call us for any coverage issues.

CB & Marine Radios

We are a distributor for **GME** Radios and Marine Equipment. We can install your CB's into trucks, cars, campers, diggers, and buses. We can also install equipment into any size boat and also offer a cellular solution or GPS tracking for safety.

Cellular Solutions & Handsfree

We have a large selection of handsfree car kits ranging from basic kits to advanced kits with music, apps, navigation and internet. We also offer Fixed car/truck phones, as well as coverage issues for vehicles, buildings, and large open areas.

GPS & Fleet Management

GPS/Fleet Management Solutions starting from as little as \$20 + GST per vehicle per month, without a contract. Call us to see how you can save money and time.

Customer Build & Project Management

Our techs assisted with the design and build of the NZ Defence Force Portable Repeaters, which means they can offer these same skills to you by building a solution that suits your needs. With expertise in emergency communications fitted to any vehicle including motorcycles, we can help fit your requirements.

Lights, Sirens & Cameras

Require safety lighting, sirens or horns? We can help you. We only sell well known brands as we care about safety too. We supply and install lights, sirens, horns, event capture camera systems, reverse and side camera systems. Talk to us about how we can give you a solution to keep your staff and others safe.
